CENTER MAN IS KILLED.

John Perkins Dies As Result of Fractured Skull Sustained in Being Thrown From Wagon.

John Perkins received a fractured skull which resulted in his death within a few minutes after he was thrown from his wagon at the Arthur Young farm at St. Johnsbury Center Wednesday. The quick reaction of the horses when the too short pole dropped to the ground between caused Mr. Perkins to lose his balance and fall to the ground.

As there were no witnesses to the beginning of the accident it is not known whether the multiple fractured skull was received from the fall or whether a wheel of the heavy wagon went over him, or as a result of being dragged by the horses when they ran away.

Dr. W. B. Fitch was called and hurried the injured man to Brightlook hospital but death occurred before the hospital was reached.

Mr. Perkins was employed on the farm at Goss Hollow, owned by H. E. Wilson of St. Johnsbury, in whose employ he has been for the past five years as manager of the farm. Mr. Perkins had been at the Tower Bros. farm at St. Johnsbury Center just previous to the accident. He and Mr. Tower had been talking about some grain which was to be cut that afternoon with the Tower reaper. It was while going after a separator for Mr. Tower, to save time, that the accident happened. Mr. Perkins hitched his horse into the Tower wagon to make the trip. Notice was taken at the time that the pole was too short, but it was thought safe to use it.

After getting the separator from Arthur Young and, while driving from the dooryard, it is thought that the pole falling to the ground caused the horses to jump.

Arthur Young was on the scene soon after the horses started to run, but did not see the beginning of the accident.

A family of four children survive, a girl of 14 and two boys of 11 and 16 years, who made their home at the farm. A younger child is staying with grandparents in Walden.

Before coming to St. Johnsbury five years ago, Mr. Perkins lived in Walden and Cabot, Vt. He was 55 years of age.

Tampico Resident Hurt.

Wayne Newell, 11 years old, of Tampico, sustained a fractured left leg Saturday, when he turned his bicycle into the path of the automobile driven by A. L. Steele of Danville. The accident occurred near the Wright spring on the Danville road. The boy is the son of William Newell of Tampico. No blame is attached to Mr. Steele as the boy rode in front of the car when it was within a few feet of him and it was impossible to bring the machine to a full stop before striking the bicycle.

Mr. Steele placed the injured boy in his car and brought him to St. Johnsbury, where Dr. J. W. Wesley reduced the fracture.

GOLF FANS AT BETHLEHEM

Members of the Old Pine Golf club, together with a few invited guests, totaling a party of 18, were the guests of Frank H. Brooks, Saturday, on an automobile trip to Bethlehem, N. H.

The party upon arrival played around the Maplewood golf course, and in the evening took dinner at the Maplewood hotel.

Among the invited guests were C. W. La Forge of New York City and F. E. Church of Chicago, Ill.

WOODSVILLE WOMAN WAS KILLED IN AUTO SMASH

Woodsville, Oct. 2.—A frightful automobile accident happened yesterday afternoon about 4:30 o'clock near Patridge lake, 17 miles north of here, in which Mrs. Abbie Abbott, wife of Chester Abbott of Woodsville, was instantly killed; Albert Abbott, her 19-year-old son, was seriously crushed and John Thornton was cut about the face and one or two ribs were broken.

The party, consisting of the Abbott family and Mr. and Mrs. Thornton and three children, were being driven on a steep hill, and in attempting to change gears something broke, causing Albert to lose control of the machine. The brakes failing to work, the car plunged backward down the hill, turning over twice. Albert was brought home by M. M. Buck of Wells River, and the body of Mrs. Abbott, accompanied by Mr. Abbott, was visiting here by Undertaker D. R. Rouhan.

BIG MILK WAR IS ON

Both Sides Claim Gains—Sec. Pattee of Milk Producers Says Two Dealers Agree to 50 Cents.

Boston, Oct. 2.—Concessions by several contractors in the controversy over the price of milk at wholesale were claimed tonight by Richard Pattee, secretary of the New England Milk Producers' association. A telegram from Mr. Pattee from R. D. Hunter at Claremont, N. H., announced that one large Boston contractor and two suburban dealers had agreed to pay 50 cents for an 8 1/2 quart can in Boston instead of the 47 cents offered.

Mr. Pattee also said he had received a telephone message from a meeting of farmers at Springfield, Vt., that the two suburban dealers and one other had agreed to pay the price agreed upon by the producers. He said the basis of Hood & Sons said tonight:

"Not only have we enough milk to supply our customers but we are contracting between 5000 and 10,000 quarts a day at Newport, Vt. On Mr. Pattee's promise to sell their milk for them we are producers between Concord, N. H., and White River Junction and in the vicinity of Goshen, Me., decided not to sell their milk to us beginning October 1. They have now been waiting for two days for him to take their milk. We have reports every day and our producers deliver more on Monday than on Sunday. We shall have enough to supply our customers tomorrow and every other day."

L. N. Cree started last Tuesday on a trip to Worcester, Mass., and from there will go to Cincinnati, O., on business before coming home.

NONE HURT AS AUTO TURNS OVER THRICE AT WOODSTOCK

Woodstock, Oct. 2.—As the result of an automobile accident which occurred about 10 o'clock Sunday morning, when a 1917 Cadillac car owned by Earl L. Thompson of this place and driven by his wife went over a 30-foot embankment about three miles outside the town on the river road, Miss Thompson, a sister of the car's owner, is suffering from a sprained ankle, and the three weeks' old Thompson baby is in the hospital at Hanover, N. H., with injuries which may prove serious. The other members of the party, including Mr. and Mrs. Thompson, their young boy and Mr. and Mrs. George Clark, escaped with slight injuries. The windshield, one fender and top of the car are badly damaged.

The party left Woodstock for Belvoir Falls with Mrs. Thompson at the wheel. When about three miles outside of Woodstock something went wrong with the steering gear, according to Mrs. Thompson's account of the accident, and she lost control of the car, which went over a 30-foot embankment, turning over three times. The top was up and the occupants feel that this saved them from more serious injuries. Mrs. Thompson was thrown out the first time that the car turned over, while the others went out later.
